

For online course registration, click on the link just below:

<http://reg136.imperisoft.com/LifelongLearners/Search/Registration.aspx>

Or click “LLAIC members click here to register for LLAIC courses” on the Courses Overview web page. This is the same page you use to log in and renew or sign up for membership.

To register for courses, you must be a member, and you must log in.

On the lower left of the Registration page, find the area with three options for searching, as shown at the right.

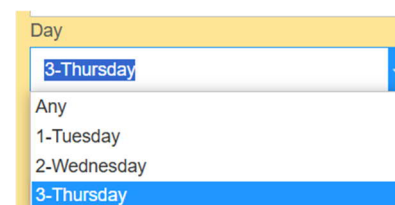

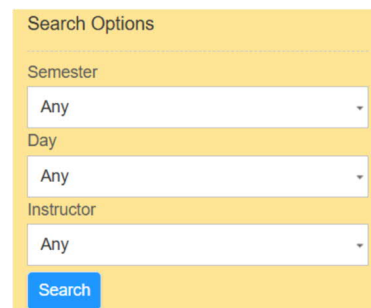

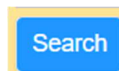

Semester: You *must* click the down arrow and select the current term.

Now you can choose either Instructor or Day.

If you know the course leader, click the drop-down under Instructor, and you will be able to select a particular course leader.

If instead, you want to select a course by the day of the week, you can select Day and choose from the dropdown as shown on the right. LLAIC courses are given on Tuesdays, Wednesdays, and Thursdays.

Then click the blue Search button to see the course or courses resulting from your selections:

Once registration opens (always at 10 AM on a designated Monday), you can register for each course you would like to take. Each white Course Description Box will then have a blue button on it that says “**Begin Registration.**” Click that button to register for the course listed in the white box. The fees for courses (shown in the white box) are based on the number of weeks, at \$12 per week. Thus, a 5-week course is \$60.

Caution: some courses fill up within minutes of 10 AM, so we recommend clicking first on the courses that usually fill up quickly and paying for them!

If a course is already filled up, you can choose to be added to the waiting list. That will give you priority if the course is given again, e.g., during the next semester. We recommend that you have alternate choices available in case you are unable to get into your first choice(s).
